My dear Mrs. Thayer,-

You are as doubtless in Phila.

By now. I hope you have had a nice summer abroad.

I am in Va. for a week and while there heard of a Mrs. J. S. tillord of Washington, D.C. who had been through there looking up tillord records. I got his address and wrote to him and have had two interesting letters from...
He is a descendant of John Hilliard, Brother of Capt. Benn; who went to Ind. before it became a state, taking with him an old deed and conveying a number of family papers which are now in the possession of the Rev. E. S. Hilliard, who is in the Congregational church in Waltham. He says that Capt. Benn's father was Benn, and John, John being a brother, and that this first Benn married Elizabeth Chipman. He is writing the Hilliard Genealogy for publication.
and seems to have quite a number of issues as well as a good deal of tradition. He told me of a Frankey
allude name of Capt. Benj. which you sent me, and on both agreed that she must have been The "J." wife
from Clark's line. I have just received record
of Three deeds given to Benj. Lillard
and his wife Frances Frankey Frankey
in the years 1797, 1800, 1802. As Benj.
Lillard and his wife Frankey also under-
Deed 1778 the Frankey are undubbed
The said wife and The mother of Abi-
ham and Board. Mr. Lillard says he
has records to show that his name is
"Frances Cord") (one of the deeds 1800.45
Wm. Cord) and that - the other wife was
Elizabeth Skelly just as you thought.
I have written to ask him where he
found this.

I gave him your address and told
him how much you would furnish him with
your line.

I have asked the last of Davidson for marriages
to send time but I made it as hurried that I
am afraid of mistakes. Will you let me have
your list again to check up by?

Did you ever hear of any letters? We want to locate them

Wm. Lencrey, your
