Dear Stanley,

Read your letter Sat. & will try to be a little more prompt with my reply. Also enclosing the information you asked for.

I hear from Va. Very seldom since Uncle Mark died. He was always so good to write & gave up to much news of the family. Thank you, every year I go back for a visit but I have never gotten there
yet, but it is very hard for a farmer to get away although I think he should go. He has always regretted not going while Uncle Mark was living. I will never forget his Aunt Mary's kindness to us while we were with them. We were very sorry to hear of Ben's father's death. It must have been very lonely. Was Ben married Stanley's yes havent told us if you are married. Did your mother see Frank's mother while
She was in Culpeper. We never hear from her. Her marriage made relations rather strained in the family.

Stanley where is Uncle Mark’s widow living? Where are Mark & Ben? I’m sure you will think this is a question box but would surely appreciate a letter from you telling us all the family news. Give our love to your mother & best regards to yourself. As ever

Yours Sincerely

Kitty Tulliany

Pearl Shackelford (maiden name)

Robert was born in Va. but my other children were all born near Camden Court.

Robert did not get a college education. He finished high school + has been working in N.C. for 3 years. He has finished his second year in N.C. law school (night school) + has been going
to summer school the past 3 years. He has worked and studied very hard and I think will be the better for it. He says he doesn’t intend to be a lawyer but hopes to get a good position when he finishes his other 2 years. He married a very sweet girl. She has been teaching 2 years. Our other boy is at home. Hasn’t had good health for several years. He also finished high school 3 years ago. We have 2 girls. One of the little one still in the grades. I believe this is about all Stanley. Frank has had very poor health for 8 or 10 years. Has been operated on twice but is feeling better the last year or so.
