Dear Gene

When I was in Onekuper several weeks ago, I was talking to Gladys and she told me that you were interested in Purlicum Family History. It has been a hobby of mine for the past sixty years and in that time I have collected a great deal of material, all of which with one or two exceptions has been authenticated, beginning with the first Thomas who settled in Spottsylvania County down to the present time. Our family through my great, great grand mother, Elizabeth Coleman goes back to the earlier settlers of Jamestown. I have collected this data through a good deal of labor and it seems hardly necessary for you to do the same. I have planned from time to time to write it up and while I have done some of it, it is only in pencil and has not been put in any final form. I am wondering if you would like to see what I have. Perhaps

you might be coming to Philadelphia
some time or might come up for a
week-end. I live alone in a house
and would be glad to see you. Let
me know and I will tell you how
to get to my house.

Remember me to your mother. It
has been a long time since I
have seen her. Hope that she is well.

Sincerely yours

Stanley Pulliam Shugart
