Dear Dr. Shugert,

Was indeed glad to hear from you, and appreciate data sent. I am forwarding same to a genealogist in Richmond, Va.

I find the names and counties in the above data, have appeared in my lines before. My mother's maiden name being Pottinger, that line goes back to Maryland, and connected several times with the Browns.

It will be a privilege and pleasure to give you whatever data I might be able to find. Am sending today to the D. A. R. in Washington the line of Capt. Robert Stuart. I am also advised that more than likely Mary ?, the wife of Robert Stuart, of Culpeper Co., did service too during the Revolution. Ofcourse my first task is to find who Mary was. As to Thomas Pulliam, I have very little as to when he came to this country and where from. All this means hard work and perservance.

I appreciate the Will of Robert Stuart very much. I believe I sent you the will of Benjamin Pulliam, his first child was named Robert.

Assuring you again of my appreciation and interest in the Pulliam line, and trusting to hear from you sometime in the near future, I am

Sincerely,

Commis Z Maguire
