

Peterburg 18th March 1864.

For I owe you an apology for not writing you before, but the continued illness of my youngest daughter for more than a year past, requiring our constant attention night & day, together with my official duties, have caused me to neglect my private matters almost entirely.

The last letter that I can now refer to rec^d from yr brother (whose untimely death I sorely lament) was dated 9th July '60. In wh he states.

"That in respect to the balance due on Judge Remond's account I expected to have collected it from Mr. Heill at this time, but he did not pay me in consequence perhaps of misinformation on my part to him. Mr. Thomas is debtor to Maj. Heill's Estate, & purchased property of Thomas & relying on memory thought a payment fell due the 14th of this month, wh payment Mr. Thomas proposed to apply to this debt to Heill & Heill proposed to apply ~~to this debt~~ it to pay your debt. I told him some month or so ago that this would do. But upon looking at papers I find my debt to Thomas does not fall due until 14th Aug. next, & I only apprized Heill the day before I left home.

Heill has not paid the balance of the Judgment in his, but tells me he has notified the Sheriff that he must pay him on a

of collections of fee bills, in order to apply the money
to this debt. I suppose I shall get it before long.

The balance claimed by me to be
due you from Smith's funds is some 150\$ or 200 \$
according to my recollection, it depends upon the
mode in which the aff is settled, affecting the inter-
calculation, the Commissioner has reported according
to my view in yr favor.

The above extracts from yr Prothon's letter
contain all the information I have in regard to the
claims above referred to, in yr hands, which I should
indeed be glad to have finally paid.

I rec^d a copy of an order issued on the 13th
June 1860 by yr Superior Court in the cause of Green vs
Smith requiring me to deposit \$1000 with int.
to the credit of this cause, I remitted the money to
Mr Wood Secy of the Albemarle Insurance Co about the
middle of last Nov with a request from me to
forward the certificate to T O Flint Clerk of yr
Superior Court, which he informed me that he had
done, as would appear by their certificate No 863
for \$1121⁰⁰. I presume it was duly rec^d filed among
the papers. This I complied with, owing to the Genl
set forth in the order, wh I presumed was of course
correct, & you will please attend to this cause
either before the Commissioner or Court to protect
my interests, as there does not appear to have
been a final payt to me, in satisfaction of the
claims vs Mr Smith.

I enclose sundry Bonds for collection by suit or otherwise,
agreeable to yr last letter & the understanding with yr
Brother.

viz I Slaughter R St B Farnish with interest

from 25th May 57 for \$ 1,000 -

" W. H. Woods bond with int from date 433.11

" Alex^r Pundleton I Pundleton & Perry

✓ Eggboro with int 25 May 57. 236.26.

I have received no definite reply from their parties & am
therefore reluctantly compelled to collect in the quickest mode
I hold two other bonds, upon wh partial payments have
been made & will therefore wait longer, before I take
any further action.

I enclose this hurried com-
munication, wh I was necessarily compelled to make
longer than I should have wished in order to give
you a full detail of my matters in yr hands

Relying upon yr prompt attention

I am Yours truly

C. J. F. in law.

The letter from yr Brother, forwarding the CR to pay
my debt, I have received & cannot find

any allusion to this debt so Mr Eggboro & he can furnish you
with some information, as he wrote me on the subject
& I have not his letter with me to refer to
