Frederick Fishback of Saffordtown Fullerton Co
Ours in the above stated balance of \$262. 28, which
is covered by his enclosed Bond, dated May 1, 1840, for \$194. 51
and his note negotiated at Fredericksburg for \$200, due and
protested August 19th 1841 — Fishback writing of
under date of the 7th inst. that some of his large
creditors had sued him, and in order to prevent them
from obtaining a judgment upon his other credits

who was disposed to be more indulgent, he had
made a kind of trust putting all upon the
same footing, ourselves included - he further states
that the trust will be directed to sell in Oct.
or November next. Property enough with his good
debts to pay off all he owes - and he says that
this arrangement puts it out of his power to
forfeit his note to us due in August -
All this ready will enough but our
objection in sending the amount to you is to

have the matter looked into, and if such already
flound on a good footing - to have it done
if it possibly can be and with as little
delay as possible -

Will you give it your atten-
tion, and let us know the result -
at the same time let us know in
what Country you practice -

Mr Woolly of the City gave us
your address - our individual names
are stated below

Very Respectfully
