MRS. VINCENT SMITH
HILLCREST AVENUE, PARK HILL
YONKERS, NEW YORK

My dear Mr. Thurgood,-

Your letter reached me
yesterday. I am afraid I won't
be able to get away in
time to see you in Culpeper
as I have gotten both boys
off to camp and am now
trying to pull things together.

including myself, before I leave.
I got a chance to spend a
little time in the library
and saw the book on King
and Queen by Bagby. The
name Pulliam does not
appear at all. I am inclined
to think Hanover Co. is the
place. It is also cut off
from New Kent - and I al-
ready have record of Patterson
Pulliam there, I think, 1730.
But am not sure of the date
without consulting my wife.
At any rate it is no about

short-time.

I certainly wish I could be
in Culpeper where you are.
Let me know what you look
up so I won't cover the same
ground where I go.

I found the day I was in the
Library the same Hensley con-
nected with the Covingtons.

It was mentioned in a Coving-
ton will, 1783, Culpeper Co.

If you by any chance postpone
your visit, let me know. I may
be able to get off in two weeks,
and if you are in Culpeper would
go that way, otherwise I would
take a bus at Washington, D.C.

With the best of wishes,

Most sincerely yours

Francis C. Smith
